Property Description

Located in the idyllic coastal setting of Stanley, Touchwood Cottages enjoys a high profile with both tourists and locals alike as a destination experience providing accommodation, a fully licenced café and gallery/giftshop. Its prominent location in the main street of Stanley and its recently refurbished accommodation provide a 'heritage' draw card in the heart of the CBD.

Originally built c1840, Touchwood Cottage is one of the oldest private houses in Stanley. The business commenced trading c1984 and has progressively expanded to include accommodation and a café. Under the current ownership they have tastefully renovated the accommodation with the discerning traveller in mind, retaining the heritage style with the inclusion of modern features.

The sale of the business and property as a going concern provides a rare opportunity to purchase a substantial landmark property in the Stanley, providing significant and well maintained built improvements, wonderful views of the 'Nut' and the ocean, as well as the business which provides a diverse income stream.
